Note:

1. The College of Management was established in 1987. Department of Business Administration, Department of Accounting, Department of Finance, and Department of International Business, originally belonging to the College of Law, were placed under the College of Management.
2. The College of Public Health was established in 1993. Department (Institute) of Public Health, originally belonging to the College of Medicine, was placed under the College of Public Health.
3. The College of Electrical Engineering was established in 1997. Department (Institute) of Electrical Engineering, the Master Program of Graduate Institute of Electro-Optical Engineering, originally belonging to the College of Engineering, were placed under the College of Electrical Engineering.
4. Department of Plant Pathology and Pests, belonging to the College of Science, was reorganized into the

Department (Institute) of Pests and the Department (Institute) of Plant Pathology in 1998.

5. In 1999, the College of Law was reorganized into the College of Social Sciences and the College of Law, the Department (Institute) of Law was placed under the College of Law; all other departments (institutes) were placed under the College of Social Sciences.
6. In 2000, the College of Electrical Engineering was renamed the College of Electrical Engineering and Computer Science. Department (Institute) of Computer Science and Information Engineering, originally belonging to College of Engineering, was placed under the College of Electrical Engineering and Computer Science.
7. In 2002, the College of Agriculture was renamed the College of Bioresources and Agriculture.
8. In 2003, the College of Life Science was established. Department of Zoology and Department of Botany were integrated into Department of Life Science; the Graduate Institute of Zoology, the Graduate Institute of Botany, the Graduate Institute of Fishery Science and the Graduate Institute of Biochemical Science were placed under the College of Life Science.
9. In 2010, the Ph.D. programs of the Graduate Institute of Taiwan Literature and the Graduate Institute of Industrial Engineering were established. Department of Biochemical Science and Technology and Institute of Microbiology and Biochemistry are integrated into the Department of Biochemical Science and Technology. The Graduate Institute of Epidemiology and the Graduate Institute of Preventive Medicine are integrated into the Graduate Institute of Epidemiology and Preventive Medicine. The Institute of Health Care Organization and Administration and the Institute of Health Policy and Management were merged into the Institute of Health Policy and Management. The Genome and Systems Biology Degree Program (including the Master and the Ph.D. programs) and the Ph.D. of Translational Medicine Program were also established. Therefore, there were 54 departments, 103 graduate schools at NTU in 2010 (3 study programs for graduate students, 99 Master programs, 93 Ph.D. programs).
10. In 2011, 4 Master programs were established under the Graduate Institute of Molecular and Comparative Pathobiology, the Graduate Institute of Brain and Mind Sciences, the Graduate Institute of Plant Medicine and Teaching Chinese as a Second Language, respectively. The Department of Horticulture was renamed to the Department of Horticulture and Landscape Architecture. Previous the Division of Horticultural Crops, the Division of Postharvest Horticulture and Processing, and the Division of Landscape Horticulture in the Graduate Institute of Horticulture were renamed the Division of Horticultural Crops Science, the Division of Postharvest, Processing and Utilization Division, and the Division of Landscape Architecture and Recreation, respectively. The Division of Pharmaceutical Technology and the Division of Molecular Pharmaceutics were established in the Ph.D. Program of the School of Pharmacy. Therefore, there were 54 departments, 107 graduate schools at NTU in 2011 (5 study programs for graduate students, 103 Master programs, 93 Ph.D. programs).
11. In 2012, the Graduate Program in Translation and Interpretation was established. The Graduate Institute of Clinical Genomics was renamed the Graduate Institute of Medical Genomics and Proteomics. Therefore, there were 54 departments, 108 graduate schools at NTU in 2012 (6 study programs for graduate students, 104 Master programs, 93 Ph.D. programs).
12. In 2013, Ph.D. programs in Oral Biology and Master of Applied Mathematical Sciences were established and Department of Life Science and Master of Zoology were merged into the Department of Life Science (Undergraduate, Master and Ph.D. Program). Therefore, there were 54 departments, 109 graduate schools at NTU in 2013 (6 study programs for graduate students, 105 Master programs, 94 Ph.D. programs).
13. In 2014, 3 Master programs were established under the Graduate Institute of Public Affairs, the Graduate Institutes of Medical Education and Bioethics, and the Interdisciplinary Master Program in Statistics, respectively. Furthermore, the Ph.D. program of the Graduate Institute of Drama and Theatre and the Master program of Institute of Biotechnology were established. Therefore, there were 54 departments, 112 graduate schools at NTU in 2014 (7 study programs for graduate students, 109 Master programs, 95 Ph.D. programs).
14. In 2015, 3 Master programs were established under the Institute of Medical Device and Imaging, the Institute of Health Behaviors and Community Sciences, and the Professional Master's Program in Business Administration, respectively. Furthermore, the Ph.D. program of the Graduate Institute of Musicology and the Master program of Graduate Institute of Medical Genomics and Proteomics were established. Therefore, there were 54 departments, 115 graduate schools at NTU in 2015 (8 study programs for graduate students, 113 Master programs, 96 Ph.D. programs).

15. In 2016, 3 Master programs were established under the International Master Degree Program in Climate Change and Sustainable Development, the Professional Master's Program of Law in Business Administration, and the Master Program of Sport Facility Management and Health Promotion, respectively. Furthermore, the International Doctoral Degree Program in Climate Change and Sustainable Development and the Ph.D. Program of Green Materials and Precision Devices were established. The Entrepreneurship and Innovation Master of Business Administration (EIMBA) at College of Management and the Executive Master Program of Health Administration at the Institute of Health Policy and Management were also established. Therefore, there were 54 departments, 119 graduate schools at NTU in 2016 (12 study programs for graduate students, 116 with Master programs, 98 with Ph.D. programs, excluding the Executive Master of Business Administration (EMBA), the Global Master of Business Administration (GMBA), and the EIMBA at College of Management).
16. In 2017, 4 Master programs were established under the GIP-TRIAD Master's Degree in Agro-Biomedical Science, the Institute of Food Safety and Health, the Data Science Degree Program and the Professional Master's Program of Biotechnology Management, respectively. Furthermore, 5 Ph.D. programs were established under the Graduate Institute of Clinical Pharmacy, the Taiwan International Graduate Program (TIGP)-Molecular Science and Technology, the Data Science Degree Program, the TIGP for Bioinformatics and the TIGP in Interdisciplinary Neuroscience, respectively. Therefore, there were 54 departments, 126 graduate schools at NTU in 2017 (18 study programs for graduate students, 120 with Master programs, 103 with Ph.D. programs, excluding the Executive Master of Business Administration (EMBA), the Global Master of Business Administration (GMBA), and the EIMBA at College of Management).
17. In 2018, 2 Graduate programs were established under the Second Degree Bachelor of Science in Nursing and The Department of Biomedical Engineering, respectively. Furthermore, 1 Master programs were established under the The Department of Bio-Industry Communication and Development. Therefore, there were 56 departments, 126 graduate schools at NTU in 2018 (18 study programs for graduate students, 121 with Master programs, 103 with Ph.D. programs, excluding the Executive Master of Business Administration (EMBA), the Global Master of Business Administration (GMBA), and the EIMBA at College of Management).
